

Disorder Creatures

- Choose a psychological disorder that we have discussed this year, get approval from Mr. Sichak
- Create a description for your chosen disorder that makes it seem more like an animal or creature. Explain your disorders moods and actions- include any “special abilities” they might have.
- Using your description, create a visual for your disorder creature. Be creative!
- Place your visual and description on a sheet of computer paper along with the name of your disorder.
- Your grade will be based on how accurately your description reflects your disorder, and how accurately your illustration reflects your description!
