

## Endangered Languages

**Directions:** Use Source 1 ([endangeredlanguages.com](http://endangeredlanguages.com)) to complete the first 3 rows of the chart. Plot the location of each language on the map above. Find the link to Source 1 on our class Weebly page.

Map Key	Language Name	Language Family	Why is it endangered? <ul style="list-style-type: none"> <li>● Demographics / numbers of native speakers?</li> </ul> Describe any preservation efforts. <ul style="list-style-type: none"> <li>● What is being done to keep this language alive?</li> </ul>
	Choose <b>ONE</b> of the following Celtic Languages: Welsh, Irish, Scottish, Cornish, Breton <i>United Kingdom, Ireland, France</i>		
	<b>Maori</b> <i>New Zealand</i>		
	<b>Languedocian (Occitan)</b> <i>France</i>		

Directions: Use Source 1 (endangeredlanguages.com) OR Source 2 (storymaps.esri.endangered-languages.com) to complete the chart with languages of your choice.

Add the location of each language to the map. Find the links to Source 1 and Source 2 on our class Weebly page.

Map Key	Language Name	Language Family	Why is it endangered? <ul style="list-style-type: none"> <li>● Demographics / numbers of native speakers?</li> </ul> Describe any preservation efforts. <ul style="list-style-type: none"> <li>● What is being done to keep this language alive?</li> </ul>

Directions: The following languages are isolated, but not endangered. Add them to the map and research why they are not endangered, even though very few people speak them.

- Basque -
  
- Icelandic -

How should the **Hebrew** language be classified (at risk of endangered, endangered, isolated)? Where is it spoken?

**Extra Time?** Search the web. List 3 arguments in support of the preservation of endangered languages. Do you agree? Explain.
